

Deepend

24hrs

Why don't you call my phone and we smoking like all night?
She just took a pill and said this feel so right
She don't wanna jump in the deepend
Can't get fucked up all weekend

Why don't you call my phone and we smoking like all night?
She just took a pill and said this feel so right
She don't wanna jump in the deepend
Can't get fucked up all weekend

I got what you need, I got what you need
(Jump in the deepend)
I got what you need, I got what you need
(Jump in the deepend)
I got what you need, I got what you need
(Jump in the deepend)
I got what you need, I got what you need
(Jump in the deepend)
