24hrs, Tony!

Codeine, good weed, we movin' fast  
Lay down, spread out, I'm 'bout to smash  
Kiss me, touch me, we movin' fast  
Love me, fuck me, we movin' fast

I don't wanna slow down (let's move fast, let's move faster)  
I don't wanna slow down (let's move fast, let's move faster)  
I don't wanna slow down (let's move fast, let's move faster)  
Don't wanna slow down

Twenty, you make me feel so good  
Stay down when you 'round like I knew you would  
Mountains, palm trees, a crazy view  
Prepare to spend my days with you

I don't wanna slow down (let's move fast, let's move faster)  
I don't wanna slow down (let's move fast, let's move faster)  
I don't wanna slow down (let's move fast, let's move faster)  
Don't wanna slow down

Twenty, text me when you land tonight  
I don't like when we have a fight  
You said that I don't care enough  
Shut up, lay down, let's make it rough

I don't wanna slow down (let's move fast, let's move faster)  
I don't wanna slow down (let's move fast, let's move faster)  
I don't wanna slow down (let's move fast, let's move faster)  
Don't wanna slow down

Your nigga, he lame and I told you that  
That ass that you got, I just wanna grab  
Toronto, the weekend, it's me and you  
Ride me like a bike like you 'posed to do

I don't wanna slow down (let's move fast, let's move faster)  
I don't wanna slow down (let's move fast, let's move faster)  
I don't wanna slow down (let's move fast, let's move faster)
