She said 20 I'm your witness
You been in the gym, you want a marijuana fitness
And you would never guess what I've been through
Because of that, I would never lie to you
I-I-I was never trippin' on forgiveness
Lately it's a marijuana fitness
Strong bag marijuana fitness
There's not a day without a marijuana fitness
Whoa

I've been smokin' on paper planes
I just bought a house, it's in my name
I ain't never changed, I'm the same
I'm just waiting on my Taylor Gang chain, whoa
Balenciaga problems, you won't understand my problems
I push to start this week, you don't wanna fuck with me
I want to be the greatest
Making money but still ain't made it
Damn, it feel like shit done shifted
It's a marijuana fitness
Damn, shorty really want a gift from me
Whoa, twenty thousand right in Tiffany
If I say I love you
Then that just means I do
If we smoke some weed together
Me and you gon' eat together, whoa
