

Flippa Verse

24hrs

Valentino Twenty
Turn up Valentino Twenty
She want Valentino Twenty
24hrs, and you know it's Flippa

My brain thinks hundred thoughts, I can never love a thot
Ice all over me like Jack Frost
Blood diamond over stones that I bought (Shining!)
I only want blue bands for friends
I just bought a new Benz again
I love finger fucking dividends (Flippa!)
New Lamborghini go vroom
Hoes try to hide in my room
My bitch brought a friend, so I had to make room
Twelve came all blue, made it at noon
I keep a big bank roll on the dresser, bless her
You like our vibe [?] and test her
I make plays, call me Flippa flexer

Valentino Twenty
Yeah, yeah, yeah, yeah, yeah

I got brand new stones, new number new phone
You was cool I had fun with you
Count me out and I'm done with you
Cut you off, you can't try me once
We smoke pounds, smoking pounds of [?]
This a loud challenge, Twenty got a big balance
I let Tay Keith fuck these niggas up
I put Forgies on a Royce truck

My brain thinks hundred thoughts, I can never love a thot
Ice all over me like Jack Frost
Blood diamond over stones that I bought (Shining!)
I only want blue bands for friends
I just bought a new Benz again
I love finger fucking dividends (Flippa!)

If you my dog for real, then I'm your dog for real
Yeah, yeah, If you my dog for real, then I'm your dog for real

Go against the game, you could lose a limb
We put up numbers now, we jumpin' out the gym
If it ain't money, please don't call me
Better cough your hoe, at all means
Trap one time, trap two times
24hrs, Valentino Twenty
