

# Have It

24hrs

From Main Street  
To Memorial  
To Mechanicsville  
All the way to Milan  
Baby, you know you can have it

I put a perky right into me  
I take my bitch out to Italy  
I keep my eye on the enemy  
I don't know what that got into me  
I'm getting green like a centipede  
I'm what you niggas pretend to be  
I'm getting head in the 'vert  
She told me bust on her skirt  
She know I'm in it to win it  
I told her give me a minute  
We fight on different occasions  
That pussy good like she Asian  
I know it's all about timing  
I bought her VVS diamonds  
She said, "I like when you hold me"  
Pussy so good, she be trophy  
We [?] mansion on dates  
I finger fuck in the Wraith  
I tell 'em, "Open the gate"  
I put your bitch on the tape  
I'm making bands every day  
That is just one of my habits  
You kept it real from the jump  
And now you can have it

You know that pussy is bomb  
You need to ring the alarm  
I always knew you would give it up  
I go to sleep in my swimming trunks

She say, "Twenty, if you want it, you can have it"  
She say, "Twenty, if you want it, you can have it"  
She say, "Twenty, if you want it, you can have it"  
She say, "Twenty, if you want it, you can have it"

I put like 50 on tennis chains  
I beat a bitch in the tennis game  
I got the Porsche with the tinted frames  
All this shit was overdue, stay patient, I got mine  
Now I can't talk for free no more, so you should hit my line  
I don't got no hoes no more, my bitch just too damn fine  
I don't drive no cars no more, I'm backseat, on recline, damn  
I put like 50 on tennis chains  
I beat a bitch in the tennis game  
I got the Porsche with the tinted frames, damn

You know that pussy is bomb  
You need to ring the alarm  
I always knew you would give it up  
I go to sleep in my swimming trunks

She say, "Twenty, if you want it, you can have it"
