

## IDK How To React

24hrs

Yeah Yeah

When that time in ATL she wanna see that snow fall  
All P's and codeine really made me doze off  
I've been surfing through a bullet of hate  
And I've got big dreams  
If I show you love can't take it back  
And that's just how I am  
1942 I think it's fucking with my liver  
She said 20 like it when you rock with Sam Silver  
Counting up these blues and I don't wanna see no green paper  
Counting up these blues and I don't wanna see no green paper  
Having you back we go through this money  
We fucking up stacks  
I tell you I love you  
You don't know how to react  
Having you back we go through this money  
We fucking up stacks  
I tell you I love you  
You don't know how to react  
I don't wanna see no green paper  
I don't wanna see no green paper  
I don't wanna see no green paper

Part of me's protected  
Part of me's neglected  
I wanna puff on trees  
I need to puff on trees  
I need to blow up my mistakes and  
I need to complicate my life  
Common take the raw choices that I'm making  
So now I'm swerving left but I was seeing right  
That I was on the road to greatness Nevermind, only time can tell I'm wasted  
Oh my god now my eyes are running Satan every lie  
Told myself I faced it  
All it ever took was patience  
I never asked for help  
I got to help myself  
I heard the world was for the taking  
I used to hate my time inside the waiting room  
Until I thought I was a patient  
But so buzz for something so inconsistent  
My god this girl got me so uplifted  
I hide whenever she wanna suck down with it  
Jackpot with this one  
Have my ticket

Having you back we go through this money  
We fucking up stacks  
I tell you I love you  
You don't know how to react  
Having you back we go through this money  
We fucking up stacks  
I tell you I love you  
You don't know how to react  
I don't wanna see no green paper  
I don't wanna see no green paper  
I don't wanna see no green paper
