

Last Man

24hrs

We should smoked weed and give me head
Polo sheets on her new bed, roll this presidential bling now
All these girls know my songs now
She got a booty and she know it, I got racks so I blow it
20 20 20 in her mouth, 20 20 20 in my mouth
Gold chain gold ring, shorty got a nose ring
Fat ass tattoos, she can throw it back good

She don't like her last man so I don't treat her like her last man
She don't like her last man so I don't treat her like her last man

20 well I wanna see what he whippin'
20 a boss and 20 ain't tripping
20 told Apex let's whip up a grammy
20 got bitches, got beaches miami
I don't treat her like her last man
I don't treat her like her last man
I don't treat her like her last man
I don't treat her like her last man
Baby if you knew me you would treat me different
Baby if you knew me you would treat me different
Girl cause you don't know me, ball on you like Kobe
Yeah
