Oh, oh, oh

Me and Earth might hit your bitch in that new condo (oh-oh)  
I got a plug on the gas in Arizona (ohh)  
I got a white bitch I've been runnin' like Madonna (oh-oh)  
I'm wearin' runnin' shoes 'cause I've been chasin' commas (ohh)  
I spent a hundred and that's just on my lil mama (oh-oh)  
I smoke the OG, mix it up with that Osama (ohh)  
I'm wearin' runnin' shoes 'cause I've been chasin' commas  
I'm wearin' runnin' shoes 'cause I've been chasin' commas

I've been smokin' weed on the daily  
I've been makin' money on the daily  
For a conversation, they gon' have to pay me  
Don't cross the line and lil buddy gon' be gravy  
Playin' YG in that '99 Mercedes  
My lil [?] bitch say "20 going brazy"  
My lil' chocolate bitch, she taste just like Godiva  
She said, "20 this all you, this your vagina"  
I told Pro I need some shows right out in China  
I told Earth he worth a million when I signed him  
I told TYO I need me that new Rollie  
And he ain't fucked up 'bout no paper, that's my brodie

Lane switchin', M's twistin'  
Benz flippin', ride an old school, candy paint drippin'  
We stay eatin', Thanksgiving  
No plates missin', I can't pump the breaks, no intermission  
Money is the motive, change is the mission  
Change on gold, Cartier my vision  
Told her pull up to the condo  
I might put her on trainin' like Alonzo  
You can act like you don't know  
You can try to act like you don't know  
You know how the game go  
And know when you with me know you cannot say my name love

Woah-woah-woah-woah-woah

Woah-woah-woah-woah-woah, yeah
