

Moonlight

24hrs

Damn James
24hrs
Yeah

You got a body
You look like Cassie
I can't stop staring
When you walk past me
You hella stylish
Oh, you mix the Louis with the palace
Oh, I can tell you got talents
Oh, 20, please, don't leave your balance

Oh, girl, I can change your life
You ain't never spent a hunnid in a night, girl
You ain't never been right in front the cams
You ain't never did a hunnid in a Lamb'

Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight

I got feelings for my ex
I think that you might be my next though
Just wanna give it out
I wanna say what I'm about
"20, you be in them fine things
20, you love all design things
20, this is not the real world
I just wanna be your real girl"

Oh, girl, I can change your life
You ain't never spent a hunnid in a night, girl
You ain't never been right in front the cams
You ain't never did a hunnid in a Lamb'

Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight
Under the moonlight

It's undefeated sound
But lil' shawty came from Atlanta
A slim one with country grammar

Got mood like MC Hammer
Too much drip for just one camera
I'm on big daddy 20 track
With your boo like 20 racks

Under the moonlight
Yeah
Damn James
Ya dig? Cash
