24hrs

No signal in the hills, no signal in the hills (no signal in the hills)  
No signal in the hills, no signal in the hills  
Girl, I'ma show you off  
Tell me when you ready (ready)  
Smoke a lot of weed, smoke a lot of weed  
No signal in the hills, no signal in the hills (no signal)  
No signal in the hills, no signal in the hills (ain't got no signal)  
No signal in the hills, no signal in the hills

You find a 50, then I'm pussy  
We take your girl, boy don't push me  
And out the window, I see palm trees  
Ain't no service in the hills, if you call me  
'Ey, 20, I text you, I missed you  
Let's fuck and just work out our issues  
Let's get lost up in the mountains  
It's millions sold, but I ain't countin'  
Why my lifestyle so outstanding?  
Fuck, why my pockets so demanding?  
I'd rob a bank if we ain't have it  
Ain't no signal in the hills, I'm hearin' static

No signal in the hills, no signal in the hills (no signal in the hills)  
No signal in the hills, no signal in the hills  
Girl, I'ma show you off  
(Show off, show off, 'cause I'm a show off, yeah)  
Tell me when you ready (tell me when you ready)  
Smoke a lot of weed, smoke a lot of weed  
No signal in the hills, no signal in the hills (no signal)  
No signal in the hills, no signal in the hills (ain't got no signal)  
No signal in the hills, no signal in the hills  
Girl, I'ma show you off

Oh, we come from different places, but you found me  
I didn't get your call, maybe your signal's weak  
I ain't sleep in days, I barely had a play  
I know you wanna play the boss  
Real life, take a loss  
If you try to ruin me, I'll remind you that it cost  
Touchy-touchin' me just like your iPhone  
Always checking me just like your iPhone  
I'm in the beast, Facetiming your girl, no  
"Cause you should know that I can't keep me informed  
Got no stress, caught at 11  
I Uber everywhere, 24hrs and the kid

No signal in the hills, no signal in the hills (no signal in the hills)  
No signal in the hills, no signal in the hills  
Girl, I'ma show you off
