At The Roosevelt, I'm in the pool with my little diva
Truck the front, truck in the back, when I do the two-seater
Paparazzi, feel like photoshoots every time we pop out
The business always handled anytime you see me pop out

At The Roosevelt, I'm in the pool with my little diva
Truck the front, truck in the back, when I do the two-seater
Prada, Prada, Prada, I don't think no more can fit in the trunk
Get them lames out your circle
I can tell that you been fuckin' with chumps
I can see fanning' out, I know my shit be jammin'
Told my chef to whip it up, put shrimps over salmon
Respect 'em, kick game nice like David Beckham
Private Club my mob, I did my job, we worth millions

At The Roosevelt, I'm in the pool with my little diva
Truck the front, truck in the back, when I do the two-seater
Paparazzi, feel like photoshoots every time we pop out
The business always handled anytime you see me pop out
