It's 2:00 a.m., on 85, I'm headed to the Northside
I don't really wanna take no pictures why we courtside
I don't wanna negotiate no price, see, that's just my cost
Twenty-four hours, a hundred bags in a box, we can get 'em off
I pulled your name and no, nobody know you (Tuh)
So none that shit you talkin' could be valid
Keep runnin' up these racks, I'm tryna buy my house
Thirty thousand, called Dumoni, iced my mouth
It's a different way, I'm really tryna raise my kids
That's why I always pray to God and ask him for his angels
I vow to never ever change up on my dogs
I say "Fuck this rap shit" and I'll spin and all

Gotta think about your first move
Gotta know what you gon' say 'bout it
'Cause them niggas that's 'round twenty
Gotta know that they won't play 'bout it
