

Yeah, yeah
Yeah, yeah
Yeah

Shit get wild like the X games
Cracked a smile the the check came
H.B.K. on my next chain
If you try, imma let it sing
We get fly like a jet plane
Ask me why, it's the only way
Free my dogs with a hunnid plays
Came to ball, but it's not a game

Martine Rolls, Palm Angels, add em up
Make it hard to breathe, so you at me up
Hard for her to leave, she attached to me
Honestly, I let her breathe, happen naturally
Had to get up off my ass and go after it
Had to get inside my bag, immaculate
It's a feeling that I get, I can't articulate
It ain't a sin that I got hid or make it history
The way it's playing out don't make no sense to me
And I got water in the drought, nobody hydrate me
It's a miracle, I'm a survivor
Ain't no way a nigga bout to drop off

Shit get wild like the X games
Cracked a smile the the check came
H.B.K. on my next chain
If you try, imma let it sing
We get fly like a jet plane
Ask me why, it's the only way
Free my dogs with a hunnid plays
Came to ball, but it's not a game

Gotta run it up and do the distance
Gotta show the world that I'm persistent
Please don't think we're sweet, we no dessert
My dawg put your man on a t-shirt
Don't control her, she need freedom
Got a ticket and cash, a lot of rubber-bands
Me and you don't talk about the next man
I've been in the Coupe, gettin' high, just countin' commas
When I'm in the bay, Susie move just like Obama
I don't like the politics, it's so lame
Hoppin' off the jet, smokin' propane
Rich nigga habits, I didn't choose down

Shit get wild like the X games
Cracked a smile the the check came
H.B.K. on my next chain
If you try, imma let it sing
We get fly like a jet plane
Ask me why, it's the only way
Free my dogs with a hunnid plays
Came to ball, but it's not a game
