

Call me Babe Ruth, I knock it out the park  
Bust through your front door blastin' like Tony Stark  
You a sea lion, me, I'm a shark  
I eat niggas like you for breakfast, yeah I ain't got no heart

Call me Babe Ruth, I knock it out the park  
Bust through your front door blastin' like Tony Stark  
You a sea lion, me, I'm a shark  
I eat niggas like you for breakfast, yeah I ain't got no heart

Y'all ain't really got the juice, don't be mad  
It's the truth, hit 'em like in Babe Ruth, then I dip like deuce  
Dip dab, that's the swag, shawty loose off the Goose  
Charged her like Zeus, all black like Bruce Wayne  
Rockin' two chains, countin' blue things  
Reachin' new planes, hittin' new stains  
Keep your head up, don't be brainless  
How you got a Glock but you can't even aim it  
Low key famous, frontin' with the waitress  
Really hate to wait shit, yes I'm impatient  
Young OG, baby, no replacement  
Trappin' out the basement, never give a statement  
They gaze in amazement  
Like how a nigga drop bands on a bracelet  
Like how a nigga in the middle, two girls adjacent  
Sixteen years old, he live like he made it  
Sixteen years old, you spend your days hatin'  
No slander, it's facts that I'm statin'  
Move weight like yeah, I'm pushing these plates, and  
She your girl, but it's her face that I'm paintin'  
Tryna cop a cream Benz, go datin'  
Old bogo so the logo be fadin'  
Thumbs up, that's what everybody ratin'  
She see me, and then she get to faintin'  
I go verse for verse like I was tradin'  
Each song getting better, I'ma pray then  
Get with ties, nigga, start updatin'  
Best in the Bay, ain't not debatin'  
Best in the Bay

Call me Babe Ruth, I knock it out the park
