

Yeah, yeah, yeah, yeah

You with your friends but I wanna see you right now
Cancel your plans, you don't have to spend the night out
You're like a vampire, baby, when you bite down
I wanna dance with the devil 'til its lights out

Runnin' through a city (Yeah), full of darkness, it get gritty (Yeah)
Yeah, your bloody-colored kisses is the only thing that keep me up
Necklace full of diamonds (Yeah), ain't the only thing that's shinin'

Baby, hands all on your body (Yeah), ain't nobody better
Eat her up

You, just a demon at heart
I, I seen it before
But I don't care at all
