

I don't want a valentine, I just want Valentino  
I just want the neck, I poke her face like a casino  
Deep throat, know I get it in like a free throw  
Shawty want some mo', she just can't seem to keep her knees closed  
I don't want a valentine, I just want Valentino  
I just want the neck, I poke her face like a casino  
Deep throat, know I get it in like a free throw  
Shawty want some mo', she just can't seem to keep her knees closed

I fuck her long, ain't no Minute Maid, my diamonds lemonade  
Flexin' hard, call me Popeye, wallet filled with spinach, ayy  
Cut you off on the interstate, I'm first to finish, ayy  
I'm a young, rich nigga, bitch, it's always been that way  
To the grave, might just be tomorrow, might just be today  
So I always live it up, we poppin' bottles, poppin' K's  
Gucci shades from my bougie bitch, I ain't even had to pay  
Had to put on for the team and had to put on for the Bay  
I'm still fly when I wear Robin's wings, I can't stay in one place  
Russian Creams in my rocket ship, we go to outer space  
Mask off, mask on, fuck it, I can't catch a case  
Blast off, blast off, see the stars up in the Wraith  
You can't get into the crib because the mansion got a gate  
You can't come into my section, I'm gon' put you into place  
If your club goin' up, you bet I'm sliding like it's chess  
And I think I fell in love, she shook that ass up in my face

I don't want a valentine, I just want Valentino  
I just want the neck, I poke her face like a casino  
Deep throat, know I get it in like a free throw  
Shawty want some mo', she just can't seem to keep her knees closed  
I don't want a valentine, I just want Valentino  
I just want the neck, I poke her face like a casino  
Deep throat, know I get it in like a free throw  
Shawty want some mo', she just can't seem to keep her knees closed

She just can't seem to keep her knees closed  
She just can't seem to keep her knees closed

I don't want a valentine, I just want Valentino  
I just want the neck, I poke her face like a casino  
Deep throat, know I get it in like a free throw  
Shawty want some mo', she just can't seem to keep her knees closed
