Workin'

24kGoldn

Don't keep that shit a hunnid, keep it 10k

I do whatever whenever, ain't no stopping my shine
Custom Chrome Hearts piece, I purchased without checking the price
I peep my bust down Breitling watch when I want to know the time
These niggas like to talk a lot but I don't pay no mind
Workin', workin', yeah I'm workin'
How you think I get the Rolls Royce with the curtains?
Workin', workin', yeah I'm workin'
Million dollar deals got me workin' on my cursive

The shoes, the charms, they both Saint Laurent
Baby I've been workin' hard, so you know I need it all
The Bentley truck, park it right out front
Girl you know I'm eating good, big Nobu for lunch
I'm a bachelor, too many bitches I could smash on
Too many apps is on my dashboard
Sometimes I act an asshole, but bigger than my ego is my cash flow
Workin' every day I want that bag, I want it back, yo

I do whatever whenever, ain't no stopping my shine
Custom Chrome Hearts piece, I purchased without checking the price
I peep my bust down Breitling watch when I want to know the time
These niggas like to talk a lot but I don't pay no mind
Workin', workin', yeah I'm workin'
How you think I get the Rolls Royce with the curtains?
Workin', workin', yeah I'm workin'
Million dollar deals got me workin' on my cursive

What you see is what you get, big ol' diamond baguettes
That be hanging around my neck, so niggas keep tryna test
But I pass those, told lil' shawty keep the Mac close
Girl, the way I'm grinding, couple minutes get your back blown

Workin', workin', yeah I'm workin'
How you think I get the Rolls Royce with the curtains?
Workin', workin', yeah I'm workin'
Million dollar deals got me workin' on my cursive
