Ooh-ooh, ooh-ooh  
Ooh-ooh, ooh-ooh  
Yellow lights  
Ooh-ooh, ooh-ooh

Don't want no yellow lights (Yellow lights), don't want no mixed message (No )

That doesn't sound right (Sound right), I must've misread it (Ooh-woah)  
We do this every night (Every night), you say I don't get it (No)

You told me you got somethin' to say tonight (You told me you got somethin' to say tonight)

Well, how 'bout you just say it right now? (Right now)

'Cause you've been runnin' through my head again

Want you in my bed again (Again)

I just need to know if you down (Down)

For the crown 'cause we could achieve it (Yeah, yeah)

Look around, it's nothing but demons (No, ooh-woah)

Love you now, but don't you deceive me (Oh no, no-no)

So what's with the frown? I thought you was down (Are you down?)

Don't want no yellow lights (Yellow lights), don't want no mixed message (No )

Seem like you stuck in your ways (Your ways)

Fuckin' around, doin' nothin' for days

Seem like you stuck in a haze (In a haze)

All your emotions just rottin' away

I'm tryna make 'em amazed (Amazed)

Nothin' but lights when I hop on the stage

Now all your feelings done changed (Done changed)

Now you wan' fuck in the Wraith

Brace for impact

Caught up in my gaze, I ain't mean to distract

Wait (Ooh, no), where your friends at? (Where?)

Clingin' on to me (Me), baby word on the street

They say the money don't change you, I don't know (I don't know)

'Cause I've been tryna stay the same (The same), I won't fold (I won't fold)

But you just keep on playin' games, girl, back and forth (Back and forth)

I can't take no more

Don't want no yellow lights (Yellow lights), don't want no mixed message (No )
