

Smakin' You Up

25 Ta Life

Bashin, slashin blood hits the ground.
Pushed to far I'm on the ground.
On the rise takin you out.
Nothing you can do could save you now.
Talkin mad shit when your friends are all around.
When your alone you don't make a sound.
No strenght in you all in your friends.
What's gonna happen when it's me and you one on one.
Smakin' you up no mercy I play.
Tears in your eyes I shattered your fantasy.
