

# Make You Mine

2AM Club

I looked her right in the eyes, right in the eyes but I couldn't see  
It burned when I looked, I burned in my heart, my words wouldn't work  
I listened to you loud and clear so loud and clear but I couldn't hear  
Her mouth moving fast all I hear is white noise my life moving past

And I said please, please, please don't shine so bright  
Please, please, please don't shine so bright, oh no

You did it so right you gave me your life  
One star can never shine twice  
So I could never, never  
Make You Mine, Make You Mine, Make You Mine, Make You Mine

I wanted just to feel your heart,  
wanna feel your heart but it wouldn't beat  
Her gates remained locked I tried to move to 'em my feet wouldn't walk  
I wanted just to talk it out, wanna talk it out but I couldn't speak  
My mouth moving fast all she hears is white noise and she moves right  
past

And all I said please, please, please don't shine so bright  
Please, please, please don't shine so bright, oh no

You did it so right you gave me your life  
One star can never shine twice  
So I could never, never  
Make You Mine, Make You Mine, Make You Mine, Make You Mine

Walked around the crowd for two hours like I never knew  
You were there and I could tell but looking was too hard to do  
If you came to my side, private sunshine  
But I don't deserve to take her home and make the sun mine  
So I stay away alone knowing that I'll never know  
Only something beautiful will change the brightest of the glow  
I don't wanna go blind so I go find a  
Another bad taste a dark place for a good time

A beautiful sun can be the reason you'll sigh  
It's all leaving you, lost in the night  
But you don't, you don't, you don't, you don't need it  
This is not for you  
And I can't, I can't, I can't, I can't leave it  
This is all I do

You did it so right you gave me your life  
One star can never shine twice  
So I could never, never  
Make You Mine, Make You Mine, Make You Mine, Make You Mine  
Make You Mine, Make You Mine, Make You Mine, Make You Mine
