

Appreciate It

2Baba

Eh, a brand new day, everybody come out come out come out!
Come out man, come out hey

I don't really care where you're from
Where you're from, care where you're from
I don't really care where you're from
Where you're from, oh where you're from

As I'm standing here, I want celebrate it
See I don't wanna regret it
Every single second, I am saying I appreciate it
See I don't wanna waste it
No time to start to negotiate it
That's why I sing

I sing this joyful song
Praising the Lord for giving me life
Through my papa and my mama
I got to say that I love ya
I thank all the peaceful citizens of the world
To you I give this award
You make me shout Halleluyah for ya
I wanna shake every single one of ya
Including my friends and family
People that inspire me, my fans
And the people that criticize me constructively
People that I met climbing the ladder
You know say we don tey for here
The last time I checked
We were running this together
In any kind of weather
The last time I checked
I'm colour blind, so see me as your brother

As I'm standing here, I want celebrate it
See I don't wanna regret it
Every single second, I am saying I appreciate it
See I don't wanna waste it
No time to start to negotiate it
That's why I sing

Listen, I don't really care where you're from
Where you're from, where you're from

I don't look colour, I don't look border
Religion or physical structure
I don't look any type of criteria
Don't wanna judge you by your area
Praises to Jah Jah, blessings upon ya
Love respect to every single corner
See, we are all in this together, forever
So I want you to join me

As I'm standing here, I want celebrate it
See I don't wanna regret it
Every single second, I am saying I appreciate it
See I don't wanna waste it

No time to start to negotiate it
That's why I sing

As I'm standing here, I want celebrate it
See I don't wanna regret it
Every single second, I am saying I appreciate it
See I don't wanna waste it
No time to start to negotiate it
That's why I sing

As I'm standing here, I want celebrate it
See I don't wanna regret it
Every single second, I am saying I appreciate it
See I don't wanna waste it
No time to start to negotiate it
That's why I sing
