

Be There

2Baba

Something in my mind (wanna talk 'bout it)
Feelings deep inside (cannot suppress it)
This must be love, I'm not searching no more
I found the one for me yeah
You are my destiny, you are my destiny

I want to be the one you seek in the morning
Before you go to sleep at night
I just want to be the one you holding
I never want to see you cry
Girl you know that I come running
When you call from a thousand miles
Yeah, I said it see
What more can I say yeah

I just wanna be there
I just wanna be the one you love
I just wanna be there
I just wanna be the one you lean on
I just wanna be there
Just like your shadow
I just wanna be there
From now until tomorrow

I just wanna be there
I just wanna be there
I just wanna be there
I just wanna be there

Something in my mind (wanna talk bout it)
Feelings deep inside (cannot suppress it)
This must be love, I'm not searching no more
I found the one for me yeah
You are my destiny, you are my destiny

I know you must have heard a lot of stories about me
But with you girl there is no more lies
I was lost an' like in the wilderness
But you brought me back to life
You answer all the puzzles in my heart yeah
That's why I never want us to be apart yeah

I just wanna be there
I just wanna be the one you love
I just wanna be there
I just wanna be the one you lean on
I just wanna be there
Just like your shadow
I just wanna be there
From now until tomorrow

Said I would never ever let you down
I don't know why I've been running away from love
I don't know why yeah
You brought me peace of mind and that's why
I never want us to be apart
Eh eh eh eh eh eh eh...

I just wanna be there
Wanna be the one you love
I wanna be there
Be the one you lean on
Be there
Just like your shadow
Be there
From now until tomorrow
