

Back in the days when it all begun  
I really thought that you were the one  
Started to think that I was finally home  
When all that it was was I was home alone  
It was so right but I know it was wrong  
All I'm saying is that we got to be strong  
And inside I know it's not fair  
For me to be leaving you when my heart is not there  
All I'm saying is that I want to be free  
All you keep saying is you would die without me  
Oh girl you know you got to let go  
You don't want leave in misery  
I'll say

You're just a victim of your emotions  
All you got to do is carry go don't let it stop your motion  
You're just a victim of your emotions  
Guys are crazy never let you get to see the real action  
You're just a victim of you emotions  
All you got to do is carry go don't let it stop your motion  
You're just a victim of your emotions  
Guys are crazy never let you get to feel the real action

Woah!  
Woah!  
Woah!  
Yeah!

Now all you do is call me dirty names  
When na me and you been just dey play this crazy game  
E be like say you just dey mmhhmm  
Nnh nnh nnh nnh nnh nnh nnh  
Came like any girl and now you're acting so insane  
See it's all experience don't let the lesson be in vain  
I know that you're hurt but just endure the pain  
See this life no pain no gain  
But if it was you that was feeling like me you will do the same  
I know it's not just all about my story to the game  
Forget the fairy tales, forget all about my name

You're just a victim of your emotions  
All you got to do is carry go don't let it stop your motion  
You're just a victim of your emotions  
Guys are crazy never let you get to see the real action  
You're just a victim of you emotions  
All you got to do is carry go don't let it stop your motion  
You're just a victim of your emotions  
Guys are crazy never let you get to feel the real action
