2Baba

Life has been tough, we come to get the small food they are sharing. sometimes, the food has flies in it. People keep pushing us when we are in the queue. The mosquitoes bite us in the night, I just want to go home, but those people dem burn our house.

Do something for another man  
Bring out the laughter

Make e better, make you hamma, make you successful  
And if e work for you  
Remember say some people dey

So if I do for one person

Na so we go dey multiply all out blessing  
And if e getti one lesson wey we don learn for this world  
Is Greatness dey inside every person eh  
So if you believe in good  
And you believe in humanity  
Let's stand forward  
And let the people laugh up in reward
