Wooh uh!  
Wooh uh!  
Wooh uh!  
Wooh uh!

Some get head but them no get sense  
Some get mouth but them no fit to shout  
Some get eyes but them no fit to see  
Some get leg to walka but for that same walka them get hit by a car

You just never know wetin life go fling to you  
Never let the voice of defeat to sing to you  
And as you dey go, continue to do wetin you sabi do  
No go look Uche face, cause some people dey craze  
Just continue to chase

Them don dey cry again  
I dey see them from far away  
So we calculate  
I gats to find a way  
Sorrow, tears and pain  
You either lose or gain  
I cannot send the rain  
Now tell me who's to blame  
In Love and Ashes  
In Love and Ashes  
Memory flashes (Memory flashes)

Open your mind  
Take a look at me  
And my guy tell me wetin you see  
Not based on bias  
Or not based on who I be  
A person like you wey dey put head like you  
Or a stranger because of the thing I believe

Na one love religion I belong to  
Never let the voice of defeat sing to you  
And as you dey go, continue to do wetin you sabi do  
No go look Uche face  
Cause some people dey craze  
Just continue to chase

Them don dey cry again  
I dey see them from far away  
So we calculate  
I gats to find a way  
Sorrow, tears and pain  
You either lose or gain  
I cannot send the rain  
Now tell me who's to blame

Wooh uh!  
Wooh uh!  
Wooh uh!
