

See God

2Baba

I've seen defeat
And I've seen love
Still wondering the height
I'm gonna reach before I'll see God
Sometimes I feel like to fly
From here to Sokoto
But that thing I dey find
E dey for shokoto
Affect lives around you
No need go Sokoto
Then you don't really need to fly
Before you see God

Omo ori mi
Ode be

How did I become so greedy
I've been taking credit
For all the things that God did
I'm supposed to count my blessings
And steady give thanks
For all the things
That God did
Realization I don realize
All of my mistakes
I don analyze dem
And if I ever get another chance
I swear I tell no lies again

Cos I've seen defeat
And I've seen love
Still wondering the height
I'm gonna reach before I'll see God
Sometimes I feel like to fly
From here to Sokoto
But that thing I dey find
E dey for shokoto
Affect lives around you
No need go Sokoto
Then you don't really need to fly
Before you see God

Ah, no shortcut to see God, eh
No shortcut
I can't come and kill myself

Every time that I look into the mirror
I see God in me
On top of my wayward waka
He still dey bless e me
Only me OBO
Only me be African giant
Only me be fine boy
Like Victor AD and Wizzy
I swear to God
God dey do partial for my matter
Because everything dey we body

You no need detergent
To keep clean
Where your heartbeat
Wetin be salvation without sin
What's life without death
I was blind, now I can see

Defeat
Now I can see God
I can see the yamayama things around
But for mirror
I see God
Sometimes I feel like to fly
From here to Sokoto
But that thing I dey find
E dey for Shokoto
Affect lives around you
No need go Sokoto
Then you don't really need to fly
Before you see God
Eh before you see God
You don't really need to fly or kpai
Before you see God
