Am thinking about the years gone by
Am thinking about the things I've done
Am thinking about the words I've said
Am thinking about the way that I've been leaving my life
E bi like say I forgeti say, say, say
Somebody dey beside all the way(all the way)
Started to go astray

Dey come dey start to make me to belief
Say I too dey, ey

I did lots of things without remose
Cos I never knew
That I leave each day by the grace
But now, things has change
And my God I realize
That I am blessed
And what more can I say?
Than to thank you Lord

Gbogbo igba tim ba wo eyin

This is not straight from the heart
It's about the way I feel
Inside of me, I'm thinking 'bout the things the Lord has done for me
If God can provide for all the birds in the sky
What more can I say?
I no think say I better pass the people way don pai
But I still dey today
He's a miracle working God
And I belief that its because of him that I am a living man today
It's a crazy and beautiful world that we are living, huh

There so much sorrow, joy and pain
But I still
Got to thank you Lord
