I'll take my chance with you
I lost all my answers to you
I liked someone last year who was there, but never mattered
I like working 'til I'm bleeding
If you know me, you would get it
I saw you walking down the street
Uh, I saw you walking
I wish you saw me, I wish you saw me
I wish you saw me
Wish you saw, uh
I wish you saw me (E-e-e)
Oh oh, (Oh no)
Oh no (fuck), I've been falling back to you, no (Uh-uh)
Oh no, I've been falling back, falling back to you, no (Oh oh)
To you, no, girl- girl right to you, no
Go back to you, no
One, two, three, go

Falling back to you, no
To you, no
Girl- girl right to you, no
Girl right to you no
One, two, three, go
