

cope

2hollis

Eyes on the prize, agonized when you're all alone
You know you lied, but you still call my phone
Try and then try again, but it's no hope
I cannot, I cannot lie, you were just a cope (I cannot lie, but you were-)

We could be heroes, hunt me down, catch me
Gear me down, slow speed, turn me out, backseat
You know, flip it, 360
Master lock, kiss me, burning bridge, city
Hell no, take a breath, I feel empty
Trespass on me, spin it, get dizzy
I'm so forgotten, so missing
Screaming, I'm sinking, never stop winning (2)

Cope, cope, cope, cope
Cope, cope, but you were just a cope
Cope, a cope, cope (Ooh)
Cope, I cannot- you were just a cope
Cope, cope, cope (Heroes, heroes)
Cope, cope, but you were just a cope (We could be heroes; cope)
