I been acting dumb, I don't wanna fuckin' try
Fuck what y'all been on, I'm searchin' for eternal life
If it was you that was lovin' me, then why'd you tell me lies?
Fuck you and your homies, y'all don't understand the light
If it was fame that I wanted, then I'd fuckin' sacrifice
Y'all don't understand my time
And it's a name that she wanted, put the 2 and then I'm fyne
And the contemplation get me high

Chased for the sunrise, let the tears fly
(Let the tears fly, when you look me in the eye)
Would you be tellin' me truth, if you said you'd even tried?
(Tried) Candles in the fuckin' sky

Mage robe kicker, two star midnight
Fist fight, knuckle sweat, concrete, lights
Ah, ah, ah
Last summer haze, no trust in sight
Ah, ah, ah
Love switch, God take me in spite
Put it out tonight, put it out tonight
Could you say my name? Could you say it twice?
Face my time now, honey I'm high, ah, ah

I been acting dumb, I don't want to fucking try
If it was you that was loving me, then why'd you tell me lies?
If it was fame that I wanted, then I'd fucking sacrifice
And it's a name that she wanted, put the 2 and then I'm fyne

Chase for the sunrise, let the tears fly
(When you look me in the eye)
Would you be tellin' me truth if you said you even tried?
(Tried)
Candles in the fuckin' sky

I've been acting dumb, I don't want to fucking try
If it was you that was loving me, then why'd you tell me lies?
