

I'm on my own, no more help (I'm on my own)  
Cover your mouth (Ooh), girl, you're not allowed (Hahaha, so)  
Here we go again  
Girl, you could love me or we could just pretend  
I know I lied, but it won't happen again, uh  
I know you tried, but it didn't meet the end  
No, I won't let you go, I'll defend until my end
