I'm free (Uh)
Ah, yeah (Uh, ah)

Messed up, forget, uh, catch up, you live
Bitch, I don't know (Ah) how we got here
But I don't know (Ah), give me an offer, a sign (Ah)
Realize everything's right (Yeah)
Cross my eyes, I hope to die (Yeah)
I'll never lie (Girl, please don't cry)
I said I'll never lie (Ayy, ayy, ayy)
I'll never lie

Oh-oh (Yeah), calling you
I'ma keep on calling you (2)
Oh, shit (2)

I gotta run it up 'til my legs break
Pourin' up, lookin' like a damn lab
Touch-touching my face, I'm handmade
Five hundred people looking for your face
Five hundred people talking on your name
Five hundred people standing 'round my cage
Pushed a few Ks, now I ain't the same
Now I'm on your blame, now I'm on your bla-
C-can't say names, but they movin' all strange
Jack swag, my swag, your swag looking fake (Uh)
They say names, but they moving with hate
Talk shit, talk shit, I don't even know your name
Bankroll on me, but you know you can't have it
Push it up three, but the two can't stay
E-everything free when you've seen my fame
Everything free when you're playing the game

Messed up, forget, uh, catch up, you live
Bitch, I don't know (Ah) how we got here
But I don't know (Ah), give me an offer, a sign (Ah)
Realize everything's right (Yeah)
Cross my eyes, I hope to die (Yeah)
I'll never lie (Girl, please don't cry)
I said I'll never lie (Ayy, ayy, ayy)
I'll never lie

Oh-oh (Yeah), calling you
Yeah
