

I had to walk up all your stairs  
Feels so, feels so unfair  
Can I be honest? Girl, I think I'm off it  
Girl, you're taking away more than you're giving to me  
You gotta stop it, you gotta stop it, you gotta-

Play nice (Ooh), roll the dice  
I've been losing my mind  
Ah, I'm losing life, see the code in your eyes  
Here we go, one more time (Hey)  
Uh, we're playing nice, give me one more try  
I can see your disguise  
Uh, you kiss my lips, give me your light, light

Stop taking it away from me, from me (Give me all your light)  
Stop taking it away from me, from me (Give me all your light)
