Raise

Raise, raise, fucking raise

Raise, ahh

Dark lich, heaven dragon

Intertwining, sacred madness

Deepest magic hidden in the labyrinth

I'm attracting what they all wish to banish

Past it, I'm past it, I'm past it, I'm past it

Mask it, I'm masted, I'm acting, I'm acting

Sanction the realm key, forever burden me

Dragon prophecy, the moment, gaze sweetly

Far away
