

I got dirt in my shoe  
Gotta empty it out on  
The hardwood floor  
And I try so hard to be  
Positive but inside its a war  
And I'm mad at nothing  
Why all the mad things turn into something  
I fucked up now I'm just running  
Tell what I feel but I feel close to nothing  
And I'm mad at nothing  
Why all the mad things turn into something  
I fucked up now I'm just running  
Tell what I feel but I feel close to nothing  
Feel close to nothing

Don't breathe  
Don't breathe in  
Don't inhale  
Don't breathe in  
On the hill with Finn

Finish, you have to finish  
Finish what you Started  
I can't play my part  
OSX honest  
Put a towel I'll be anyone  
It's true I can't choose  
No I can't choose  
Yeah

Why the fuck would I wait for you  
Why the fuck would I wait  
I'm in the mood to kill someone  
What the fuck did you say  
OSX we stay untraced  
Shrooms in my hand straight to the face  
And we're not the same  
Quit playin' with me not a game  
Two plans go with the first one  
Anger I go berserk uh  
Gauntlet on me its gonna hurt ya'  
Gotta great sword feelin' the inertia yeah  
Panic attack I cannot see  
Negativity I can't shake it  
It's shedim  
I stay in the trees, yeah, I feel like a beast  
Negativity can't shake it it's shedim (Yeah)

Panic attack I cannot see  
Negativity can't shake it  
It's shedim  
I stay in the trees, yeah, I feel like I'm a beast  
Negativity can't shake it it's shedim  
Panic I cannot see  
Negativity can't shake it shedim  
I can't shake it it's shedim  
Can't shake it it's shedim
