

THE FEELING, THE EGO

2hollis

Something that we both shared, I never cared
You lie in your own bed, I act like I loved you, I lied
I'm sorry
Think about you when I'm down
Every night they come around, I'm sorry, sorry
You were beautiful back then, but I see what it all means now
Fuck you, uh, aye
Angels in the sky
They come down when I'm alive
Pray to the light

Ay, disappeared, where he go?
Ego, Can't fuck, ay
Look at my face you'll know
Talk shit on my dick lil' bro
Poppin up the pole, cashed out, where he go?
Petals down, they ain't fall
