

Leave her alone  
Leave her alone, she doesn't wan' go  
She doesn't wan' go (P-Please don't go)  
Take my hand, let's go  
Trust me like you know  
Trust me like you know me, oh

Take it slow, t-take it slow  
Save it all, make it gold  
And break you off (Ah)  
Girl-Girl, I couldn't break you off  
Won't say I will, but I can take you up  
We in the night, entourage  
It-It-It turn the lights off  
We go all night, no  
No, no

Take my hand, let's go  
Trust me like you know

Trust me like you know me  
Know me  
Know me  
Trust me like you know me  
Know me  
Know me  
Trust me like you know me  
Know me (Two)  
Know me  
Trust me like you know me  
Know me  
-me  
Trust me like you know me  
Know me

(Trust me like you know me)  
(Two, trust me, God, two)
