

white tiger

2hollis

I think I'm goin' crazy
I think I'm goin' crazy
And what I saw stayed with me
I think of it over and over

And over and over and over and over again
Trippin', I'm trippin', I'm trippin'
Words got me runnin', I'm runnin' on a mission
Gotta tell myself they love me it's not fake

White tiger, white tiger, break through it
White tiger, white tiger, take it, move it
White tiger, white tiger, I don't lose man
White tiger, white tiger, man it proves it

And you must think that I'm stupid (Like what the fuck am I doing)
Like why the fuck am I losing? (The fuck am I losing?)

Yeah, they not winnin' this one
Got some money I'm so broke, gotta inflate my ego
I don't give a fuck bro, I'd be lying if I said I don't give no fucks bro

I gotta brush it off, I gotta shake it off, I gotta brush it off
I gotta shake it off, I gotta brush it off, I gotta shake it off
I gotta brush it off, I gotta brush it off, I gotta brush it off
I gotta fuckit off, I gotta break out, I gotta break off

White tiger, white tiger, break through it
White tiger, white tiger, take it, move it
White tiger, white tiger, I don't lose man
White tiger, white tiger, man it proves it
