

Hey, how are you?  
You're so good at telling me what isn't true  
Hey, who are you?  
Second-guessing every moment we've been through  
Oh, you (Oh, you), oh, you (Oh, you)  
You're the poison to my flowers but they still bloom  
With you  
Oh, you  
Every second, every minute, every hour, bring me back to you

You, you, you, you  
Y-You, y-you  
You, you  
You, you, you, you  
Y-You, y-you  
You, you

Last night, I caught you smiling  
I know you didn't like that, no  
I feel the pressure, I keep climbin'  
If you make one wrong move, they're onto you  
I hope you know that I've been tryin'  
Uh, tryin' to make things right for you, huh  
Take two, uh, make room, uh, you lose, uh, you lo-

You, you, you, you  
Y-You, y-you  
You, you  
You, you, you, you (You lose)  
You, you, you, you  
You, you  
You

Hey  
Hey  
Hey  
Hey, who are you? You  
Hey, you, you, uh  
You (Oh, you), oh, you (Oh, you)  
You (Oh, you), oh, you (Oh, you)  
You (Oh, you), oh, you (Oh, you)  
You (Oh, you), oh, you (Oh, you)  
Oh, you
