

What Time Is It Now

2PM

Yo (yo). yo, everybody. Listen carefully
What time is it now? I said, what time is it now?
It's time for change, it's time for a new generation
It's time for a new star to shine.
So, what time is it now? What time is it now?
It's 2-P-M. You hear that? I said, it's 2-P-M.
