Huh, huh, oh-oh, I  
I, I did it  
Oh-oh, I  
I (We did it)  
Oh-oh, I

I just wanna thank my mom and pa  
Last but not least, I can not forget God  
Best two in every league on the field and inside  
Had to put the work in like a nine-to-five  
Let me hear it one time, like

One, two, this year's class, we the best  
Three, four, we had to pass every test  
Five and the six, all these years to get to this  
Now it's time to get rich  
Yeah, we lit

Congratulations  
We waited our turn  
Took a lot of patience  
I just wanna thank God that we made it  
Thank you, thank you, God that we made it  
This is greatness  
Congratulations  
Walking to the stage  
For this dream that I'm chasing  
We glad to be different  
So far from basic  
Thank you  
Thank you, God that we made it  
This is greatness

Give it up for us one time  
Give it up for us one time  
Give it up for us one time  
Give it up give it up, up
