

Repeat to Fade

3 Colours Red

Tried
You've cried
There's no
No one listening
You crushed it up now baby

Repeat to fade (repeat to fade)
You're only talking to yourself
Release the pain (release the pain)
You're only walking to your grave

And I've been dying, dying

Tried
You've cried
There's no reason for this pain
Just look the other way again

Repeat to fade (repeat to fade)
You're only talking to yourself
And I've been lying
Dying, dying

Repeat to fade (repeat to fade)
You're only talking to yourself
Delete the pain (delete the pain)
Your only walking to your grave

Repeat to fade (repeat to fade)
Repeat to fade (repeat to fade)
Repeat to fade (repeat to fade)
Repeat to fade (repeat to fade)
