## 3 Doors Down

Hm E G A (6x)

Hm D A F# F (4x)

Hm D A  
1. Rubber headed motor junky, run me down and  
F# F  
try to stomp me  
Hm D  
Throw my life away,  
A F# F  
and I'll be worthless just like you  
Hm D  
Somewhere now a baby's crying,  
A F# F  
Down the road his mother's dying  
Hm D  
Shot a line and blew her mind  
A F# F  
And now she's turning blue

Hm E  
R: Don't you throw your life away,  
G A  
Just wait until another day  
Hm E  
Don't you throw your life away,  
G A  
Cause baby I can feel it  
Hm E  
Don't you ever compromise it,  
G A  
Don't you even realize it  
Hm E  
Don't throw your life away,  
G A (Hm D A F# F) 4x  
Cause baby I can feel it, now

2. Trip and fall, I'm sure you all can tell me  
What is on the wall  
behind the liquor store  
Where you get smacked up all the time  
Perfect little life you wasted,  
Overdosed and that death you tasted  
Scared you back into yourself,  
and now You walk the line

R: Don't you throw your life away,  
Just wait until another day  
Don't you throw your life away,  
Cause baby I can feel it  
Don't you ever compromise it,  
Don't you even realize it  
Don't throw your life away,  
G A Hm.  
Cause baby I can feel it, now
