

This Time

3 Doors Down

Unsure of yourself
you stand divided now.
Which road will lead you there
Last time you fell and you hit hard
Your wounds have healed by now
But you still see your scars yeah

But it's not the way it use to be right now
You come so far to just let this go my friend, don't go out
The same way you did the last time
You'll break when you fall
Don't make the same mistakes you did all over
You've got to believe in yourself this time

Live on, live it up today
This life's your cup
So drink it up I say, yeah
Say it's mine so give it all up to me now
And walk that line, don't let this go, don't go out the

Same way you did the last time
Your break when you fall
Don't make the same mistakes you did all over
You've got to believe in yourself this time

Life's your cup, life's your cup
Drink it up
Life's your cup, life's your cup

The same way you did the last time
You'll break when you fall
Don't make the same mistakes you did all over
You got to believe in yourself this time [2x]
