

Rich Bitch

3 Feet Smaller

Having a lot, living a good life, what's more to acquire?

I've got it all even the penthouse floor on yearly hire.

The guy who wants too much from life risks losing absolutely everything
of course the guy who wants too little might not getting anything at all.

Let me do the things I want

I don't need your advice at all
whatever comes will pass someday
but I'll go on with my own way

Look at my swimming pool my cars my stuff and envy me,
I might be an asshole but I've got everything I don't need.

You count yourself lucky cuz your healthy and you've got a good sexlife,

I might pay for mine, but I am still in line

I'm not dependent on anyone

I buy washing machines just for fun.

Whatever comes will pass someday

including you but I'll stay

Don't even think for a minute I'm crazy

I'm not really so lazy,

I just want you to praise me

are you feeling me now?

I have so much money

to buy a whole country

plus people just for me,

do you hate me now?

I am what you call a rich bitch

I got my own cemetery and you'll get buried in a ditch,

envy me,

constantly

I've got money, money, money

Drug dealer baby, need any speed?

I'm not dependent on anyone

I buy washing machines just for fun.

Whatever comes will pass someday

including you but I'll stay

I don't need your advice at all.

I'm not dependent on anyone

whatever comes will pass someday

including you, not me
