Deadly Sinners

3 Inches of Blood

Don't walk the cold and ruthless streets
They drain the life from all they meet
The servants crying underground
Smelling mortal blood like hounds
As you crawl the sewer pipes
Deadly sinners set to strike
As you walk around the bend
You'll be dead right there where you stand

Flash of iron, leather, spikes, and swords
Mighty warriors with metal on their side
Enemies of metal, your death is our reward
Triumphant victory when you bring the steel to life

Deadly sinners
Victory when you bring the steel to life

Crushing the light, stalking the night Deadly sinners always win

Kill the tyrant's endless conquest
With no mercy, straight for his heart
Bloodlust will overtake anger and violence
Without warning, lightning strikes in the dark
Lightning strikes

Flash or iron, leather, spikes and swords
Those mighty warriors with metal on their side
Enemies of metal, your death is our reward
Triumphant victory when you bring the steel to life

Deadly sinners
Victory when you bring the steel to life
