

## My Divided Falling

3

A tear escapes the eye of God  
It's bigger than the world  
Than all our bombs and guns  
They seek the rabbit who runs  
It's not a pattern you'd recognize  
Too busy wearing the same disguise  
You can't abandon their pretty lies  
The time has come to...

Wake the dawn  
Out of any open door  
Shut upon your brother  
You hear the sound  
I'm returning from my own  
Divided falling now

Well have you no words?  
Your silence is deafening  
Now that you've heard

You - I don't know who you are  
You're like the light of a star  
You're from a place so far away  
I never know what you're gonna do  
Will you be dead by your own design  
Or will you learn how to stop in time?  
I never wanted to change your mind  
The time has come to...

Wake the dawn  
Out of any open door  
Shut upon your brother  
You hear the sound  
I'm returning from my own  
Divided falling now

Now what have you done?  
You see the mirror looks different now  
What have you become?

Another tear in the rain  
Remembers your name  
A signal out of range

Bloody valentine, take me back in time  
Last dance in a dark descending  
See, cause I know what you better do right now  
Last chance and the world is ending  
Can you stop in time, bloody valentine?
