

## One With The Sun

3

Born into the chase  
Will you recognize my face?  
Like a ghost above her grave  
Well, your eyes are cold as caves  
All the crazy people  
Forgot to take their pill  
Started with the sequel  
So we knew who you would kill  
You may fire at will  
My love, could you be really there?  
But I thought that I caught you  
(Creeping) creeping under the weeping willows  
(So) so sorry to say now you're gone away  
But you better run  
Darkness must soon become  
One with the sun  
You're rising high  
You pierce the sky  
(Don't) don't go, don't go...  
Don't go, don't go...  
Don't go, don't go...  
Future's come and gone  
Still the past keeps holding strong  
But my time has come today  
Looking back upon the bed where I lay  
All the crazy people  
Are gathered on the hill  
Sharpening the steeple  
For the blood they're going to spill  
But they are what they kill  
My love, (could you) could you be really there?  
But I thought (I know) that I'd lost you  
(Sleeping) sleeping under the winded willows  
(So) so happy to say now we're back to stay  
But you better run  
Darkness must soon become  
One with the sun  
You're rising high  
You pierce the sky  
But you better run, whoah  
Darkness must soon become  
One with the sun  
You're rising high  
You pierce the sky  
(Don't) don't go, don't go...  
Don't go, don't go...  
Don't go, don't go...  
Oh  
My love, your love  
It's time tables turned in Babylon  
My life, your life  
The stars combined are rising  
(My love burning bright)  
My love, your love  
My love burning bright  
My love, your love  
My love, your love

Love, oh  
Well, it's burning bright
