

# Policeman

3

Remembering the day  
I met sweet mystery  
A silent runaway  
An effort to be free

I was a policeman  
Who stumbled down the wrong path  
Not a path where people go  
Oh no

Headlights in a haze  
I must investigate  
I've seen you in your car  
I've got your license plate

Like a policeman  
Who stumbled down the wrong path  
Not a path where people go  
Oh no

U-V-U-4-4-5-laughing  
So funny I could almost cry  
You don't know I've been here laughing  
Long before you passed me by  
Well, I'll take you farther still  
Cause I know I'll take you farther still  
I'll take you farther still  
Cause I know I'll take you farther

U-V-U-4-4-5-laughing  
Spider webs and old store shoes  
You don't know I've been here laughing  
Long before you had to choose  
Well, I'll take you farther still  
Yeah I know I'll take you farther still  
I'll take you farther still  
Cause I know I'll take you farther  
Father, farther, farther, Father

I was a policeman  
Who stumbled down the wrong path  
Not a path where people go  
Oh no

Just a policeman  
Who stumbled down the wrong path  
Not a path where people go  
Oh no

Policeman  
Just a policeman  
Who stumbled down  
Policeman  
Just a policeman  
Who stumbled down  
Policeman  
Just a policeman

Who stumbled down  
Policeman  
Just a policeman  
Who stumbled down

Policeman  
Who stumbled down  
Policeman  
Who stumbled down  
Policeman  
Who stumbled down  
Policeman  
Who stumbled down  
Policeman  
Who stumbled down
