Welcome to the Universe

30 Seconds To Mars

And so the time has come, it's here The silence ends, a change is near You wait in the pallid slivered sky Come into the pantheon

Welcome to the universe Welcome to the universe

If there's a past into the clear We better take the pace Erase this face
In constant search for everything

You wait in the pallid slivered sky Come into the pantheon

Welcome to the universe Welcome to the universe Welcome to the universe Welcome to the universe

A new day has begun
